1 Mathematics resources, international institutes and major facilities

This is a new contributed topic on major facilities and resources for mathematics and mathematical/theoretical physics, including computational/supercomputing and theoretical paper web-archiving:

- Princeton Advanced Theoretical Research Institute
- IHES, in Paris, France
- The Cavendish Laboratory, Department of Physics, University of Cambridge, UK
- Supercomputing National Centers, e.g.: NCSA at Urbana, IL
- Beckmann Advanced Research Institute, Urbana-Champaign, Illinois
- RAL= Rutherford Appleton Laboratory near Didcot, Oxfordshire
- Max Planck Institute, Germany
- Institute for Theoretical Physics Research, Germany
- Trieste Advanced Theoretical Physics Research Institute
- High-density Energy Research Institute, Kyoto, Japan
- CERN, International preprint archives in Geneva
